The Kawasaki Ninja is a name given to several series of Kawasaki sport bikes that started with the 1984 GPZ900R. Kawasaki Heavy Industries trademarked a version of the word Ninja in the form of a wordmark, a stylised script, for use on "motorcycles and spare parts thereof".

- ZA Bikers

The Kawasaki Ninja ZX-12R is a motorcycle in the Ninja sport bike series made by Kawasaki from 2000 through 2006. The 1,199 cc (73.2 cu in) inline-four engine produced 178 hp (133 kW) at low speed, and increased to 190 hp (140 kW) at high speed due to its ram-air intake, making it the most powerful production motorcycle up to 2006 and the release of the ZX-14.
