Your ultimate guide to the history of graphic design. Graphic design proper really began after the invention of the printing press in 1440, but the roots of visual communication stretch all the way back to caveman times. In this section, we'll run down the events of early history that paved the way for graphic design centuries before the world was ready for it. Cave paintings ~38,000 BCE

IDEO is often credited with inventing the term “design thinking” and its practice. In fact, design thinking has deep roots in a global conversation that has been unfolding for decades. At IDEO, we’ve been practicing human-centered design since our beginning in 1978, and took up the phrase “design thinking” to describe the elements of the practice we found most learnable and teachable—empathy, optimism, iteration, creative confidence, experimentation, and an embrace of ambiguity
