English county histories, in other words historical and topographical works concerned with individual ancient counties of England, were produced by antiquarians from the late 16th century onwards. The content was variable: most focused on recording the ownership of estates and the descent of lordships of manors, thus the genealogies of county families, heraldry and other antiquarian material; In the introduction to one typical early work of this style, The Antiquities of Warwickshire published i

Lancashire is a county of England, in the northwest of the country. The county did not exist in 1086, for the Domesday Book, and was apparently first created in 1182, making it one of the youngest of the traditional counties. The historic county consisted of two separate parts. The main part runs along the northwestern coast of England. When it included Manchester and Liverpool it had a greatest length of 76 miles, and breadth of 45 miles, and an area of 1,208,154 acres. The northern detached pa
