There's no job too big or too small for the world-class product line of industrial diesel engines from Caterpillar. With an industry-leading range from 8.2 to 6,100 kW (11 to 8,180 hp), Cat ® engines are tough enough to tackle the world's harshest environments while being flexible enough to configure to almost any machine.

Caterpillar is the best known manufacturer of construction equipment in the world (probably). The company was formed in 1925 by the merger of The Holt Company, (who built its first crawler machine in 1904), and the company of C.L.Best who started producing Crawler machines in 1913. The new company was then called The Caterpillar Tractor Company. Caterpillar became synonymous with crawler type ...

I decided the generator in the generator car just wasn't cutting it. So I decided to take a dremel to the 1/25 scale CAT 3516 diesel generator set to see if I could get it to fit in the car. It had to part ways with some of the gen barrel, the radiator and a large section of the block. But I was able to keep the heads and most of the engine detail including the control panel and gen breaker ...
