~~So, why are we suddenly seeing a rise in the number of cases of sexual misconduct and teacher/student relationships? It may be partially due to more transparency as schools seek to report what they formerly kept hidden and tried to deal with on their own. More than likely, however, the upward trend is due to the use of social media and cell phones.~~

~~**Sexual Abuse by Teachers is on the Rise - The Children's**~~
~~According to the Global Initiative on Psychiatry chief executive Robert van Voren, the political abuse of psychiatry in the USSR arose from the conception that people who opposed the Soviet regime were mentally sick since there was no other logical rationale why one would oppose the sociopolitical system considered the best in the world.~~

~~This paper provides a concise but comprehensive review of research on religion/spirituality (R/S) and both mental health and physical health. It is based on a systematic review of original data-based quantitative research published in peer-reviewed journals between 1872 and 2010, including a few seminal articles published since 2010. First, I provide a brief historical background to set the stage.~~
