Fragile by Design: The Political Origins of Banking Crises...

Fragile by Design is a revealing exploration of the ways that politics inevitably intrudes into bank regulation. Charles Calomiris and Stephen Haber combine political history and economics to examine how coalitions of politicians, bankers, and other interest groups form, why some endure while others are undermined, and how they generate policies that determine who gets to be a banker, who has access to credit, and who pays for bank bailouts and rescues.

Fragile by Design | Princeton University Press

The authors discuss how the coalition of rulers and elites used inflation to extract gains out of the more poor laboring society and how such a phenomenon led to persistent high inflation that finally let do political change. Fragile By Design provides a new way of looking at the financial crisis as well as a new way of looking at the structure of economies as a consequence of the Game of Bank Bargains.
