## Make History Book Reading Giving Kids A Fair Chance

In *Giving Kids a Fair Chance*, Nobel Prize-winning economist James Heckman argues that the accident of birth is the greatest source of inequality in America today. Children born into disadvantage are, by the time they start kindergarten, already at risk of dropping out of school, teen pregnancy, crime, and a lifetime of low-wage work.

Giving Kids a Fair Chance (Boston Review Books): Heckman ...

Giving Kids a Fair Chance is remarkable for the scientific advances that it represents, in good part due to Heckman and his co-authors. When Lyndon Johnson launched his War on Poverty 50 years ago, most economists would have objected to the book's first two claims: that economic success and failure run in the family and that nongenetic and
