Slide the unit back into the casing. Replace the plastic insulator. If you decide to buy both the cord and plug, you only have to attach the cord to the appliance. Buy the new cord before you take the old one off the base of the appliance. Then attach the new cord to the base in reverse order for taking it off.

How to replace Data Source for existing report? - Power BI

The power steering system is intended to last the entire lifetime of a car, but only if it doesn't have any fluid leaks. Using substandard fluid or not replacing it regularly are the most common causes of power steering defects. Read our article to learn how to avoid mistakes when choosing and replacing the hydraulic fluid.

Power steering fluid: how to choose and change it

The black power steering fluid is black because of metal worn from the inside of the rack and had become like sandpaper, eating away at the rack. So you will need
