In 2020, LG updated the model of the remote control for TVs, which according to their technical parameters can support the magic remote. In addition, the remote control can also work with other TV models of previous years. But depending on the country, the supported TV models may vary. Check compatibility before purchase if you decide to buy the AN-MR20GA remote control for a TV 2017-2019.

And when it comes to enjoying them, those LG products definitely need LG remote controls! Like the devices they manufacture, LG remotes are well known for being user friendly and reliable, which is important when more and more buttons seem to be added every year due to new features. However, even the best remote controls can break or become faulty, which is why we stock a huge range of direct replacements with rapid delivery.
