• Pressure Altitude is the indicated altitude when an altimeter is set to 29.92 in Hg (1013 hPa in other parts of the world). It is primarily used in aircraft performance calculations and in high-altitude flight. • Density Altitude is formally defined as "pressure altitude corrected for nonstandard temperature variations."

Density Altitude - FAA

Shop Light machine guns, like the FN M249, have been a vital asset on the field for years. The Audi TT is a 2-door production sports car made by Audi since 1998, and currently in its third generation. The first two generations were assembled by the Audi subsidiary Audi Hungaria Motor Kft. in Gy?r, Hungary, using bodyshells manufactured and painted at Audi's Ingolstadt plant and parts made entirely by the Hungarian factory for the third generation.
