Enter the epic fantasy world of HBO's Game of Thrones and join the ranks of the assassin group known as the Faceless Men with this beautifully crafted Valar Morghulis journal. The words of the mysterious order of assassins known as the Faceless Men, "Valar Morghulis," translate as "All Men Must Die." This Valyrian phrase, known well in the streets of Braavos, and its answering phrase, "Valar Dohaeris" ("All Men Must Serve"), become important mantras for Arya Stark in her quest to join the ranks of the Faceless Men at the House of Black and White. A thrilling new addition to our internationally best-selling line of Game of Thrones stationery, the Game of Thrones: Valar Morghulis Hardcover Ruled Journal pays homage to this powerful piece of pop culture iconography. With sturdy construction and sewn binding, this journal lies flat, and the 192 lined, acid-free pages of high-quality heavy stock paper take both pen and pencil nicely to invite a flow of inspiration. All this, plus a ribbon placeholder, elastic closure, and 7.5 x 4.5-inch back pocket, perfect for holding photographs and mementos, makes this journal a must-have for fans everywhere.

This is a memoir by two-time CrossFit Games champion, Katrin Davidsdottir. Dottir is two-time consecutive CrossFit Games Champion Katrin Davidsdottir's inspiring and poignant memoir. As one of only three women in history to have won the title of "Fittest Woman on Earth" twice, Davidsdottir knows all about the importance of mental and physical strength. She won the title in 2015, backing it up with a second win in 2016, after starting CrossFit in just 2011. A gymnast as a youth, Davidsdottir wanted to try new challenges and found a love of CrossFit. But it hasn't been a smooth rise to the top. In 2014, just one year before taking home the gold, she didn't qualify for the Games. She used that loss as motivation and fuel for training harder and smarter for the 2015 Games. She pushed herself and refocused her mental game. Her hard work and perseverance paid off with her return to the Games and subsequent victories in 2015 and 2016. In Dottir, Davidsdottir shares her journey with readers. She details her focus on training, goal setting, nutrition, and mental toughness.

Set 300 years before the events in *A Song of Ice and Fire*, *FIRE AND BLOOD* is the definitive history of the Targaryens in Westeros as told by Archmaester Gyldayn, and chronicles the conquest that united the Seven Kingdoms under Targaryen rule through to the Dance of the Dragons: the Targaryen civil war that nearly ended their dynasty forever.

The 1998 Bienal de São Paulo remade art history from a Brazilian perspective, and presented a new model for exhibition-making in the era of post-colonial globalisation. The show employed the Brazilian notion of anthropophagy as both concept and method, encouraging "contamination" and "cannibalisation" of the canon, alongside an expanded understanding of its pedagogic function for the integration of art, culture and political history. By doing so, it proposed a new model for large-scale curatorial projects that could effectively address non-specialist audiences. Photographs and gallery plans reconstruct this important project, and an essay by Lisette Lagnado provides extensive critical analysis and historical context. Additional texts by Renato Sztutman, Mirtes Marins de Oliveira and Carmen Mörsch and Catrin Seefranz are complemented by recent interviews with curator Paulo Herkenhoff and participating artists.
