Polycom RealPresence Collaboration Server 1800/2000/4000 ... Administrator's Guide. User Definition The RMX is shipped with a default Administrator user called POLYCOM. Once you have defined other authorized administrator users, it is recommended to remove the default user to prevent unauthorized users from logging into the system. For a detailed description of User definition, see the RMX 2000 Administrator's Guide.

Polycom RMX 2000 Installation & Configuration Guide

# Online Library Polycom Rmx 2000 Administrators Guide

Dear All, We have an issue: there is no audio when calling from QDX 6000 (v4.0.3/v4.0.2) to RMX 2000 (v 7.8.0) while QDX 6000 is setup in "advanced mode". If we specify "basic mode" on QDX 6000, the audio exists but the quality of video/audio is insufficient. Moreover, "basic mode" does not support some good features like content sharing, remote camera control etc.
