Many people around the world work to consider consumer ethics and make ethical consumer choices in their everyday lives.They do this in response to the troubling conditions that plague global supply chains and the human-made climate crisis.Approaching these issues from a sociological standpoint, we can see that our consumer choices matter because they have sweeping economic, social ...

Consumer Ethics -- Considerations in a Global Market

Ethical Considerations Regarding Pricing First, there are a lot of opinions about what is and is not ethical with respect to pricing. Therefore, the best thing to do as a pricing strategist is to determine your own principles with respect to pricing and follow them! This sounds like moral relativism but actually doesn't have to be.

ECON 325 - Pricing Ethics and Legal Issues

Additionally, the ethical guidelines aim to promote accountability by informing those who rely on statistical analysis of the standards they should expect. The discipline of statistics links the capacity to observe with the ability to gather evidence and make decisions, providing a foundation for building a more informed society.
