Psychology is the science of mind and behavior. Psychology includes the study of conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope. Psychologists seek an understanding of the emergent properties of brains, and all the variety of phenomena linked to those emergent properties, joining this way the broader neuro-scientific group of ...

Today, psychology is defined as "the scientific study of behavior and mental processes." Philosophical interest in the human mind and behavior dates back to the ancient civilizations of Egypt, Persia, Greece, China, and India.. Psychology was a branch of the domain of philosophy until the 1860s, when it developed as an independent scientific discipline in Germany (Murray and Link, 2021, "The ...

The fifth edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), the DSM-5, was approved by the Board of Trustees of the APA on December 1, 2012. Published on May 18, 2013, the DSM-5 contains extensively revised diagnoses and, in some cases, broadens diagnostic definitions while narrowing definitions in other cases. The DSM-5 is the first major edition of the manual in 20 ...

Many students are being left behind by an educational system that some people believe is in crisis. Improving educational outcomes will require efforts on many fronts, but a central premise of this monograph is that one part of a solution involves helping students to better regulate their learning through the use of effective learning techniques.

History. Learn more about the subject of history, which is broadly defined as the study of past events. Due to the broad nature of the concept, most historians narrow their scope by focusing on a particular time period, a particular country or region, a particular person, group, or individual person, a particular theme, or any combination of those categories.

To be fair, a lot of these cottages aren't the mouse-infested hovels you spent your teenage years visiting with your pals. This waterfront property in Quebec is selling for an eye-watering \$1.9-million and is an impressive 26,000 square feet. "Just an hour and a half from Montreal, you will find at the end of this little path along the river, this cottage worthy of the most beautiful postcards ...
