were rare. **Practice An International Journal**

## **Nursing Research and Theories - Current Nursing**

There are three primary approaches to grounded theory in nursing research: those espoused by Glaser, Strauss and Corbin, and Charmaz. All three approaches use similar procedures, yet there are important differences among them, which implies that researchers need to make careful choices when using grounded theory.

## **Selecting a Grounded Theory Approach for Nursing Research ...**

Nursing theory consists of a collection of conclusions about real events and conditions that may be applied to real world nursing situations. Like other theories, it is often based on observations and written to be
