Saxon 5/4 is different from Saxon 1-3 in independence. The student is learning Saxon's process of incremental development and is in essence, teaching herself math. Yes, the parent/teacher is still close-by for advice and instruction. But the bulk of instruction is coming straight from the textbook.

Level 5/4 comes after Saxon 3. It is the fifth level (K, 1, 2, 3, 4) but 4th grade material, hence the 5/4. That's my guess why it's named this way.

I find this complaint misplaced, at least with regard to Saxon Math 5/4. To the contrary, in fact, we find the explanations somewhat long-winded, but extremely clear and thorough.
