Strategic Change - Wiley Online Library

Change is based on building a new organization and gradually transferring people from the old one to the new one. This strategy shifts the burden of change from management and the organization to the people. It exploits their natural adaptive nature and avoids the many complications associated with trying to change people or their culture.

Four Strategies for Managing Change

Using the five factor model (FFM) of personality, we delineate two distinct roles of CEO personality in managing strategic change: initiating strategic change and determining the performance effects of strategic change implementation.
