Telkom Co Za **Unified**

Communications

Telkom Co Za

Unified communications (UC) is a technological architecture whereby communication tools are integrated so that both businesses and individuals can manage all their communications in one

Online Library Unified Commu entity instead of separately.

What is Unified Communications? • Telecoms Channel

To get a sense of the scale of Telkom's network, it is useful to compare it to its biggest competitors in South Africa – such as Liquid Telecom, Broadband Infracore, and Dark Fibre

Online Library Unified Commu

Africa. Telkom The map below from 2012, when Telkom's fibre network was around 10,000km shorter, provides an idea of the scale of the deployment.

Telkom's massive fibre network versus the rest • Telecoms ...

This was one of the biggest findings from the recent ITWeb

Online Library Unified Commu unications

Unified
Communications Survey
conducted by Telkom
Business in partnership
with ITWeb. The study
ran online for 14 days in
March.
