What Is Geography? Geography is the spatial study of the earth's surface (from the Greek geo, which means "Earth," and graphein, which means "to write"). Geographers study the earth's physical characteristics, its inhabitants and cultures, phenomena such as climate, and the earth's place within the universe.

The world is divided into multiple landmasses, islands, and seas with a unique physical geography, landmarks, climates, and demography. For most of its history, the world was divided into a multitude of states and cultures which coalesced into four independent nations at some point after 3,829 BG: the Air Nomads, the Water Tribe, the Earth Kingdom, and the Fire Nation.

As a result of its arid climate, the Middle East is home to several of the world's largest deserts. The Syrian Desert, which also stretches into Jordan, Iraq, and Saudi Arabia, combines both traditional desert and steppe geography, while the Arabian Desert around Yemen, Oman, Jordan, Iraq, and the Persian Gulf contains more of the rolling sand dunes which often characterize desert imagery.

Covering a total land area of 3,287,263 sq.km, India is the world's 7 th largest and the 2 nd-most populous country; that extends from the snow-capped Himalayas in the north to the tropical rain forests in the south.. As observed on the map, the Himalayas form the highest mountain range in the world, and slope southwards into a large fertile plain that covers most part of the country.

## ~~India Maps & Facts - World Atlas~~

The ancient Greeks view Homer as the founder of geography. His works the Iliad and the Odyssey are works of literature, but both contain a great deal of geographical information. Homer describes a circular world ringed by a single massive ocean. The works show that the Greeks by the 8th century BC had considerable knowledge of the geography of the eastern Mediterranean.

Given Frank Miller's outspoken views on The War on Terror, a number of critics suggested that the Spartans and the Persian Empire in 300 represent the United States and Middle Eastern Terrorists respectively, in a strange example of real (albeit very fictionalised versions of) historical cultures acting as allegories for modern ones. The Iranians apparently agreed with this assessment, and ...
